Defender Less Lethal 20-gauge Revolver

The Defender I is a five shot, compact, lightweight hand held revolver delivering 20-Gauge incapacitating projectiles.

Whether it's for crowd control, airports, border crossing, security officers at Government agencies and Banks or even for day to day Police encounters, the Defender I offers superb solutions to deal with all conflicts where a less lethal outcome can be managed. The Defender I deploys distraction rounds, pepper rounds, scientific less lethal rounds, training and blast rounds. Please contact us for pricing and a demonstration.
